Call for MSc and PhD Excellence Scholarships

Pfizer-Wexler Foundation for Development and Progress

Call for MSc and PhD Excellence Scholarships

We are pleased to announce a call for MSc and PhD Scholarships from the Pfizer-Wexler Foundation for Development and Progress for biomedical research at the Faculty of Medicine at Tel Aviv University.

The call will provide 50% scholarships to outstanding students undertaking research in fields related to mechanisms, diagnosis, treatment and prevention of human disease.

Eligibility

- Full time students at Faculty of Medicine, TAU labs performing MSc (2nd year, after research proposal) or PhD students
- MSc students with a BSc minimum average of 85 and MSc first year average 90 or above. PhD students with a BSc, MSc, or PhD minimum average of 85 and a thesis grade of 90 or above
- Endorsement and recommendation by the MSc/PhD advisor required
- The student must already receive 125% from other sources; this scholarship is in addition to current scholarship
- The student must dedicate maximum time and energy to their studies and research

Application process

- Students who meet the criteria above are requested to [download the application form](#), fill it out and have it signed by their advisor. The request should include the advisor's approval and their commitment to funding as stated above.
- All documents (except letter of recommendation) should be submitted in one PDF [through the website](#).
- Letter of recommendation should be sent directly to kersha@tauex.tau.ac.il by the MSc/PhD advisor (letters submitted by students will not be accepted).

DEADLINE: February 1, 2023

Rules and Regulations

- Scholarships are awarded for the period April 1 - Sept 30, 2023.
- The conditions for receiving scholarships are set annually in accordance with the policies of the Tel Aviv University and do not constitute a precedent or basis for future scholarships.
