for Prevention of Parkinson

# Brainstorming for Parkinson's Disease (BSPD) May 27-28, 2021

Elma Hotel & Art Complex // 1 Yair St, Zichron Ya'akov

Sponsored by

the Tel Aviv University Aufzien Family Center for the Prevention and Treatment of Parkinson's Disease (TAU-APPD)  
and the Israeli Parkinson's Disease Association

## Thursday May 27

- 10:00 Opening remarks
- 10:05 **Session 1** | Chairs: **Nirit Lev & Avi Marmor**
- 10:05 The new field of spatially resolved genomics, and its possible applications for PD - **Shahar Alon**
- 10:45 Intranasal administration of CSF - derived exosomes from PD patients induce pathology in mice - **Dani Offen**
- 11:30 Coffee break
- 12:00 PD and melanoma - **Gabriel Vainstein**
- 12:30 Movement disorders and COVID-19- **Gilad Yahalom**
- 13:00 ☕ Lunch
- 14:00 **Session 2** | Chairs: **Nir Giladi & Karen Avraham**
- 14:00 Behavioral modification as a protective approach in PD - **Sharon Hassin**
- 14:30 BEAT-PD - **Yizhar Bar-Gad**
- 15:15 Interplay between metabolites and proteins in PD - **Ehud Gazit**
- 16:00 ☕ Coffee break
- 16:15 **Session 3** | Chairs: **Samih Badarny & Meir Kestenbaum**
- 16:15 Biomarkers in GBA-PD - **Roy Alcalay** (Zoom)
- 17:00 GBA N370S - a common but challenging mutation - **Avi Orr-Utreger**
- 17:45 Bottom-up: from autonomic to motor dysfunction - **Yehonatan Sharabi**
- 19:30 🍷 Dinner (private room)
- 21:00 **Session 4** | Chairs: **Yair Zlotnik & Judith Aharon**
- 21:05 Peripheral tissue biomarkers in synucleinopathies - **Chuck Adler** (zoom)

## Friday May 28

- 9:00 **Session 5** | Chairs: **Rivka Inzelberg & Oren Cohen**
- 9:00 Cannabis - **Saar Anis**
- 9:30 DBS - **Jonathan Reiner**
- 10:00 Alpha synuclein (AS) in PD - **Ruth Djaldetti**
- 10:30 AS misfolding cyclic amplification - **Avner Thaler**
- 11:00 ☕ Coffee break
- 11:30 **Session 6** | Chairs: **Yacov Balash & Tamara Shiner**
- 11:30 Tracking early stages of AS aggregation - **Uri Ashery**
- 12:15 Is AS a realistic target against PD? - **Amos Korczyn**
- 12:45 BMP5/7 protects dopaminergic neurons in PD animal model - **Claude Brodski**
- 13:15 ☕ Lunch
- 14:00 **Session 7** | Chairs: **Avi Ashkenazi & David Arkadir**
- 14:00 FUS or L-Dopa in PD-tremor? - **Ilana Schlesinger**
- 14:30 Innovations from neuroderm - **Simon Israeli-Korn**
- 15:00 Dead end of Venglustat and Cipanemab trials - **Tanya Gurevich**
- 16:00 Departure

### Organizers

Prof. Amos Korczyn, Prof. Karen Avraham,  
Prof. Nir Giladi, Dr. Nirit Lev, Dr. Gilad Yahalom,  
Prof. Avi Marmor, Ms. Alana Hassan, Ms. Saar Lanir-Azaria
