

KDE-PD Grant for Research on Parkinson's Disease

The **Tel Aviv University Kirschman Dvora Eleonora Fund for Parkinson's Disease** (KDE-PD Fund) is generously supporting a venture of the Faculty of Medicine at Tel Aviv University, to promote excellence in research between basic scientists (Preclinical Faculty at the Sackler School of Medicine) and MDs or PhDs (Clinical Faculty at the Sackler School of Medicine) in the field of **Parkinson's disease**.

The KDE-PD fund will provide:

- Seed money research grants for the amount of up to 100,000 NIS, supporting fundamental and translational research into the causes, mechanisms, diagnosis, epidemiology, prevention and treatment of **Parkinson's disease**.
- PhD, MSc, Post doc and MPH scholarships

Criteria – Interactive collaboration between Preclinical Faculty (tenure-track PI) based at the Ramat Aviv TAU campus and PhD or MD Clinical Faculty at a TAU-affiliated hospital*. Only 1 application per PI can be submitted. Recipients of a current APPD Research Grants (Oct 2020 award) are not eligible to apply. Please note retired professors are not eligible to apply.

Proposals will be managed by the TAU Grant Committee and evaluated by outside reviewers.

Application for 100,000 NIS grant

Format for grant proposal

Scientific background, with an emphasis of the medical question.

Research aims.

Methodology.

Role of the Preclinical PI and the Clinical PI.

How will each PI contribute to the research goal?

Collaboration strategy.

Budget justification.

*Separate basic and clinical research to separate sections.

Limit up to 5 pages. References can be beyond the 5 pages.

CV of each participant – NIH Biosketch or TAU CV format

DEADLINE: Dec 1, 2020

Please upload application in 1 pdf file [here](#)

Grants committee: Prof. Sharon Hassin-Baer, Prof. Karen Avraham

*If you are unsure if you fit these criteria, please contact karena@tauex.tau.ac.il prior to writing the proposal.
