

Mentors

Bruria Adini
School of Public Health
*Resilience in a
pandemic*

Lihli Adler-Abramovich
School of Dental
Medicine
*Bone regenerative
medicine*

Karen Avraham
School of Medicine
*Genetics and
epigenetics in
human disease*

Sivia Bar-Noy
School of Health
Professions
*Nursing genetics
and information
technology*

Tami Bar-Shalita
School of Health
Professions
*Sensory modulation
dysfunction*

Merav Cohen
School of Medicine
*Immunotherapy
targets using
single-cell analysis*

Neta Erez
School of Medicine
*Tumor
microenvironment
in metastasis*

Natalia Freund
School of Medicine
*Neutralizing
antibodies for
COVID-19*

Illana Gozes
School of Medicine
*Therapeutics
for autism and
beyond*
