

## Grants for Collaborations between Schools of the Faculty of Medicine

The **Dean's Office** at the **Faculty of Medicine** is generously supporting a venture to increase collaborations **between the Schools** of the Faculty of Medicine at Tel Aviv University and to promote research excellence between Preclinical Faculty at the Sackler Faculty of Medicine. The Research Fund will provide two grants of up to \$12,500 each, supporting basic, clinical and translational research into the causes, mechanisms, diagnosis, treatment and prevention of **diseases and health conditions**.

Criteria – interactive collaboration between two Preclinical Faculty - each must be from a different School: School of Medicine, School of Health Professions, School of Public Health, and School of Dental Medicine.

*Grants will be coordinated by the Grants Committee and evaluated by peer review.*

Preclinical Faculty are tenure-track academic research track PIs employed by Tel Aviv University.

### **Application for up to \$12,500 grants**

#### Format for grant proposal

Scientific background, with an emphasis of the scientific (& medical) question.

Research aims.

Methodology.

Role of each PI.

How will each PI contribute to the research goal?

Collaboration strategy between Schools

Budget justification.

*Limit up to 5 pages. References can be beyond the 5 pages.*

*CV of each participant – NIH Biosketch or TAU Faculty of Medicine format*

**DEADLINE: Feb. 2, 2020**

Please upload application in 1 pdf file at
