Healthy Longevity Research Center Call for Excellence Scholarships 2022

The new *Tel Aviv University Healthy Longevity Research Center* brings together excellence in research to *generate ideas and translate them* into real-life tools for promoting health and improving quality of life among the elderly – physically, emotionally, socially, environmentally, nutritionally, culturally and more.

We are pleased to announce a call for **MSc, PhD, MPH and Post-doctoral Scholarships – 25%**. The *Healthy Longevity Research Center* will provide scholarships to outstanding students and post-docs undertaking research in fields related to aging.

The Center's goals are to *serve as a catalyst for translating research and development into novel devices, technologies, treatments and expertise that promote dignity, health and quality-of-life among the elderly; to disseminate findings and recommendations* among scientists, health professionals, policymakers, and the general public in Israel and around the world; to *foster a new generation of researchers* in gerontology and other aging-related fields; and to *initiate inter-disciplinary discussion groups* on topics such as memory, loss, the emotional world of aging, age and law, intergenerational synergies, meaning of life in old age, ageism, caregiving and caregivers.

Eligibility

- The student or post-doc must dedicate maximum time and energy to their studies and research of aging.
- Grades from BSc, MSc, or PhD - minimum GPA of 85 and a thesis grade of 90 or above
- Recommendation by the MSc, PhD, or Post-doc advisor required
- Full time Tel Aviv University student or post-doc

Application process

- Students/post-docs who meet the criteria above are requested to [fill out the google form](#)
- Letter of recommendation should be sent directly to helenbe@tauex.tau.ac.il by Advisor (letters submitted by student/post-doc not accepted)
- For any questions, please contact helenbe@tauex.tau.ac.il

Rules and regulations

- Scholarships are awarded for semester 2, 2022 only.
- The student/post-doc will be named a *Healthy Longevity Research Center* Fellow on all publications, with acknowledgement to the "*Healthy Longevity Research Center*" in any advertisements, publications, publicity notice or public comment (where permitted) resulting from or related to the project.
- The funded student/post-doc will attend *Healthy Longevity Research Center* lectures and conferences and will present research when requested.
- Recipients must provide a report at the end of the semester.
- *Healthy Longevity Research Center* \$10,000 grant awardees are not eligible for scholarships for their students. If both awarded, one will need to be declined.
- The conditions for receiving scholarships are set annually in accordance with the policies of the Scholarship Committee and Tel Aviv University and do not constitute a precedent or basis for future scholarships.

DEADLINE: Feb 15, 2022

The budget will be maintained by the Research Authority at TAU. All grants that pass eligibility rules will be reviewed competitively by an *ad hoc* review committee.
